

## **NEW STA+52 ROAD STUD**

The STA+52 Road Stud was created in 2003 and have lead the industry in product innovation, quality, value and service ever since.

The New STA+52 Road Stud from Studio Plastics combines the durability with the proven abrasion resistance from an acrylic glass face.

The result : A marker that offers excellent adhesion, durability, and retained reflectivity.

| Composition  | Specifications   | EN1463-1 Description   |
|--|--|--|
| <p>Hot dip Galvanized 2.50mm thick Mild Steel</p> <p>12mm Cold Rolled Dropper</p> <p>Acrylic glass face abrasion resistance for maximum retained reflectivity</p> <p>Meet EU Standard EN1463-1: 2009 for quality</p> <p>Manufactured in an ISO9001:2015 certified facility, ensuring highest quality standards</p> <p>All parts are manufactured in South Africa</p> | <p>Design</p> <p>Use</p> <p>Reflector</p> <p>Reflectivity</p> <p>Installation system</p> <p>Height above road</p> <p>Dimensions</p> <p>Road Trials</p> | <p>Non-depressible road stud (Type A)</p> <p>Permanent (Type P)</p> <p>Acrylic Glass corner cube Type 1</p> <p>R1</p> <p>Anchored</p> <p>25mm H3</p> <p>106 x 106 x 24mm</p> <p>S1</p> |
